My dear Dr. Starr:

This is to confirm our conversation of the other day and ask you to serve on the Building Committee for the additions to the Library. I am asking the Governor (Proctor) to serve also and am going on myself.

This need not bother you at all. We realize that you are going to be away most of the time but we would like the benefit of your advice when you are available, and too, you are adjacent to the architects. Mr. Fritz will be able to do a good deal in the way of representing the College in the matter and since you are such a considerable factor we feel that you should be on the Committee.

Very sincerely yours,

M/p
